## Introduction

Red Opal Innovations believes that the provision of a safe working environment for everyone at our workplaces is an essential part of the effective operation of our organisation.

## Goals

Our goals are as follows:

- Provide everyone in the workplace with a safe and healthy working environment.
- Support and promote health and wellbeing.
- Provide training and information to enable employees to carry out their work safely.
- Continually improve our working environment by eliminating or minimising risks to health and safety.
